# KOHTA HIRANO

Kohta Hirano, so happy about this volume going on sale that he's changed into Sarah and tries to pass it off on Fujita at an exorbitant price for the gallery fake.

- Oh wow! That stinks! (surprised by my own fart.)  
Greetings. It is me. Little of me. And here's  
another manga volume after nine months.  
You know, that makes two volumes in one year.  
Oh my. Surprising. (pftot!)
- Anyway, it's the bomb. It's as awesome as  
taking a dump and a piss at the same time,  
and it feels so good you just swoon right  
there in the bathroom.
- Even so, a lot has happened over the course of  
nine months. Heads of broccoli went from 12¢  
yen to 28¢, then fell to 15¢ yen. Nothing else  
really happened.
- Once again there's too much space left over.
- As there's too much space left over,  
I'm going to sing a song. Again.

Hartmann & Wadmer alias Unatemon

- It actually has a brain weapon-mutilating J-Feld attached, but the generator was turned up by Gerd's claw gun and destroyed. That's just too bad, isn't it?
- Drawing it was a pain so it got ditched quickly
- Now that I think about it I went overboard. Sorry about that.

Maxwell Archbishop Version alias Rolly

- 6000 yooo Maxwell!!!
- Fluffy, Fluffy Grandsonrr
- When I first thought him up, he really wasn't this type of character at all...
- He's got the shadow of death.

Captain Vornedead alias Evening Friend

- Armed with Colt Single Action Army
- An ironic irony-mary therapist from my adult manga days
- Loves booze. He's French after all
- Bonapart man and Les amais

Robert Handwerker alias Floating head of the Smooze Corporation

"Any day is the day!" "Where's my Poken, ya'll?" "Where?"

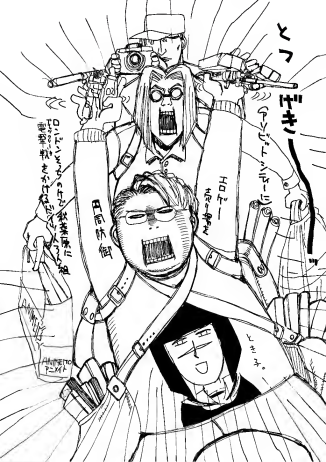

At the 1995-1996 New York International Film Festival, Handwerker spent with a pot and a pipe and on the Smooze Corporation and its other headless. See 1995-1996 New York International Film Festival.

# ヘルシング HELLSING ⑥

**T**he war between three armies of vampires, humans, and those in between is in full swing. The Hellsing organization, under the Queen of England, is embattled as London is falling to Nazi vampire forces, turning the city's citizens into rivers of blood and a population of ghouls. It looks like it might be the end of Sir Integral Wingates Hellsing and her henchman, Walter. But what's this? The Vatican? But that means the Vatican is unprotected. If you haven't figured it out yet, Earth is in chaos of a World War like no other. There's no telling how this will end, as Hellsing clamors forward with a seething wit and a frantic pace, and style that passes beyond gothic grace.

Also a popular anime, *Hellsing* showcases the mind of an eclectic and zany individual, creator Kohta Hirano. Stylish, frantic, and visually addictive—this certainly is not your typical monster tale.

*This collection is translated into English but oriented in right-to-left reading format, as originally published.*
